

Award Winning Business

The festive season has begun early for staff at Specialised Automotive after being awarded the Most Improved ARB Stockist in the state. Proprietor Murray McCloy said that he was "totally stoked" to win this award against such huge competition. Murray explained "There are 33 ARB stockists in NSW and most of them are much larger stores in metropolitan areas so we were thrilled to be chosen over those." Murray, together with his wife Leanne, own and run Specialised Automotive that relocated to a new premises at Auckland Street in July this year.

The husband and wife team credit the new showroom and their excellent staff for being the reason why they won the award. The move from the modest workshop and shopfront at the top of Carp Street where they started 3 ½ years ago to the bigger, better premises in Auckland Street has definitely been worthwhile and an instrumental part of winning the award. The head Store Manager of ARB Canberra, Marcus Ganchoy had nothing but praise for Murray and his new store stating, "On behalf of ARB, I can say that they were very happy and impressed that Specialised Automotive won the Most Improved ARB Stockist because they have achieved so much over the last 3 ½ years. Murray has always been such a pleasant and

professional person to deal with and I have been proud to help him move into and set-up his new premises. The new store set up is outstanding and a substantial improvement from their small beginnings. My company supplies a huge amount of ARB products to Murray, which always surprises me considering the population size of the Bega Valley. This award reflects the professional services provided by Specialised Automotive. I know that I will continue to look at ways I can help Murray to constantly improve and push his business along further."

With Christmas just around the corner, now is the perfect time to visit the State's Most Improved ARB Stockist. ARB products include all 4WD accessories from canopies to roof racks, driving lights, protection and recovery equipment, camping accessories and anything that the 4WD enthusiast may require. Gift Vouchers are also available. Dylan Sommerville is Specialised Automotive's Spare Parts and Service Advisor as well as the one to talk to about all ARB products. Don't forget the modernised workshop with expert technicians. The fantastic team can ensure you will receive prompt, reliable and efficient service on ALL makes and models of vehicles. They also service caravans. Specialised Automotive has the

only All Wheel Drive Dyno Tuning Equipment on the Far South Coast. Dyno Tuning Equipment allows the technician to tune and diagnose problems in vehicles while they are driving under normal conditions. This is because the vehicle is strapped to the equipment and operating as if it were being driven, enabling the technician to observe and use the latest technology to diagnose mechanical problems while the vehicle is

running. Expert Mechanic, Kraig Thornton has attended full training courses and is up to date with the latest software in Dyno Tuning on all petrol and diesel engines.

Murray and Leanne would like to thank all of the staff at Specialised Automotive for their contribution to the success of their business. They would also like to thank their loyal customers for their continued support along the way.
